This guidebook provides a practical introduction to the Pyrenees, one of Europe's finest mountain ranges. It offers suggestions for 170 walks, multi-day treks and moderate ascents of some of the principal summits of the Central or High Pyrenees.

The active walker, trekker and climber is spoilt for choice, for there is enough scope in the Pyrenees to fill a lifetime of holidays with a host of experiences. There are exquisite valleys and passes to wander day after day, and summits of 3000 metres and more within the reach of most hill walkers.

Between short, half-hour walks, to 12-day treks and 25 summits, this guidebook will help any walker, climber or trekker experience the best of the Pyrenees. The guidebook divides the range into 21 sections, including Andorra, the Ordesa National Park, the Carlit Massif, Gavarnie and the Cirque du Lescun. Each area includes practical information on travel, accommodation and mountain refuges, as well as sketch maps.
