This guidebook provides 30 day walks on the islands of the Croatian Adriatic, ranging from short, easy coastal strolls to more challenging, full day outings over rocky ridges and summits, with spectacular views of the Dalmatian coastline.

Croatia's islands form an outstandingly beautiful landscape that is incredibly rich in history, wildlife and plants, and are covered by a network of superb hiking trails. Featuring routes on 14 Croatian islands, including better-known places such as Hvar and Mljet, as well as less-visited spots.

This is the only guidebook available to focus entirely on Croatia's islands from the Kvarner region at the head of the Adriatic to the islands of Southern Dalmatia, and contains the most detailed hiking maps available.
