Guidebook to Snowdonia's best year-round mountain walks, from scrambles up Wales' highest mountains to sheltered walks for bad weather or rest days. This book contains 40 single-day walks, plus details of a two-day traverse of all of Snowdonia's 3000ft peaks. Snowdonia can lay claim to some of the finest, most varied mountain walking in Britain and this guidebook showcases it all, from Grade 1 scrambles, like Crib Goch or Bristly Ridge, to riverside and forest walks.

The Snowdonia National Park boasts 15 summits over 3000ft. Many of these can be reached either by pulse-quickening scrambles or on easier paths. This guidebook presents different routes up Snowdon and Tryfan, including the Snowdon Horseshoe, along with routes on other classic mountains such as Cadair Idris, Y Garn and The Rhinogs.

Includes details of travel and transport, including narrow gauge railways and local buses.
