This walking guidebook to Sicily and its neighbouring island groups features 46 graded routes, including the Madonie and Nebrodi mountains, the Egadi and Aeolian islands and a traverse of Mount Etna.

Most are day walks taking 3–4 hours, but there are also some short easy strolls and coastal walks. Most routes are graded easy or have some slight difficulty, but there are some on more challenging terrain, with long mountain traverses.

The guidebook features guidance and information on wildlife, historical interest, accommodation, food and transport options, including ferry and hydrofoil crossings, as well as a short English–Italian glossary.

The terrain is interesting and varied, including river valleys, coastal walks, ancient ruins, volcanoes and mountain peaks.
