This guidebook offers 33 walks round the three Maltese Islands of Malta, Gozo and Comino. Both circular and linear walks are included, from 2 to 30km in length, with clear mapping for every route. The routes range from heritage trails round historic cities and towns to coastal walks, and also include the exploration of inland areas.

The Maltese Islands bask in sunshine and make an ideal walking destination, particularly during spring and autumn. The strategic location of the Maltese islands has ensured that they have been left with a colourful and complex heritage. This guidebook has plenty of historic walks exploring the dramatic architecture, including three UNESCO World Heritage Sites, as well as walks to enjoy the excellent scenery, especially around the craggy coastline.

The introduction to the guide provides practical information on getting to and around the islands, accommodation and language. There is also useful background information on Maltese history, culture and wildlife.
