This guidebook describes the Speyside Way, an official 66 mile (106km) Scottish Long Distance Route which follows the River Spey through northern Scotland from Aviemore to the old port of Buckie on the Moray coast. Featuring easy walking on good paths and along disused railway lines, the route can be completed in a week and is divided into 10 stages of between 2 and 13 miles (3-21km).

The guide also details the recently opened 6½-mile (10.5km) extension to the Speyside Way between Kincaig and Aviemore as well as two alternatives to the main route and routes to the source of the Spey. Also featured are three other trails in the same area which can be combined with the Speyside Way to form a longer trek: the 25 mile (40km) Dava Way, 47 mile (76km) Moray Coast Trail and 12½ mile (20km) Badenoch Way. This is the only guidebook that provides comprehensive route descriptions for all these options in addition to background information, local points of interest (including a list of distilleries!), tips on transport and accommodation and recommendations for mountain-bikers and riders.

The guidebook contains a 1:25,000 scale OS route map for the Speyside Way in a convenient booklet that can be found in the back cover sleeve. The route description links together with the map booklet at each stage along the way, and the compact format eliminates the need to fold and re-fold a large map.
